

KSC MEMBERSHIP RENEWALS 2022

January is traditionally the time for everyone to renew their annual membership of Kimberley Swimming Club. Please assist us by renewing your membership for 2022 as soon as possible

THE DEADLINE FOR RENEWALS IS 12th FEBRUARY 2022 LATEST

[should your fees not be paid by this date your membership will be automatically lapsed].

If you have already decided NOT to renew your membership with us for 2022 please let us know by emailing us at kimberleyswimmingclub@gmail.com so we do not chase you for an update at a later date. Please also note that if you later decide to re-join KSC once we are able to get back in the water, the new membership fees will become payable immediately at the same rates mentioned below as Swim England do not offer any pro-rata reductions for months when pools are not able to open]

Please note: The membership fees for 2022 have changed since 2021 and the 3 Swim England Fee elements are set by Swim England. Our club have no influence or control of these, KSC must be affiliated to the National, Regional and County governing bodies of Swim England.
